Wishing a Good Day

Hope you are doing well. Appreciating your prompt response. Hope you will find good scripts from our published and online contents. All these are very original and authentic materials as our plagiarism laws and GRR rules & regulations are too strict. Our Trust(not-for-profit) is managing six research journals. we planned that our other journals shall be indexed by BAS. We are also running some research databases. In future we can share or disseminate the relevant data for indexing purpose.

Furthermore, you are kindly requested to comply our following queries accordingly:

- 1) Provide us your official logo so may upload by your link on our website.
- 2) Is there any partnership/affiliation of BAS with the world class databases for instance: EbscoHost, Proquest etc.
- 3) Is there any linkage of BAS with other directories like Jstor, DOAJ, Ulrech etc.
- 4) Any certificate of GRR inclusion/featuring by your esteemed bibliography/organisation.
- 5) Any special characteristics and benefits of your worthy platform.

**Attachments:**

We are attaching the contents list of all of our published articles. According to our information there are more articles relating to Asian Studies.

*Thanking you in anticipation*

Profound Regards
