Dear Muhammad Imran Khan,

thanks for your message. Articles from your journal has just been recently uploaded to Zenodo. We are updating all indexed sources about twice a month. This means, new documents added to Zenodo will be indexed automatically in BASE within 2-3 weeks. When the articles from your journal are indexed you will get a list of all indexed articles via this url:

[https://www.base-search.net/Search/Results?lookfor=dccoll%3Aftzenodo+%22Global Regional Review%22&refid=dclink](https://www.base-search.net/Search/Results?lookfor=dccoll%3Aftzenodo+%22Global+Regional+Review%22&refid=dclink)

Best regards

Sebastian Wolf

Betreff: Message via BASE Suggest Form [2019-03-24 12:41]

This message was sent on 24.03.2019 at 12:41 hrs via the BASE suggest form ([https://www.base-search.net/about/en/suggest\\_form.php](https://www.base-search.net/about/en/suggest_form.php)).

Thanks for your suggestion! We will check the source you have suggested if it complies with our requirements. If it can be indexed without problems, it will appear in about 2-6 weeks in our list of content sources: [https://www.base-search.net/about/en/about\\_sources\\_date.php](https://www.base-search.net/about/en/about_sources_date.php)

Please note: If your suggested source is part of a bigger source (e.g. a journal that's part of a publishing platform), we'll only create an entry for the hosting source. The publications of the originally suggested source have to be retrieved by searching for attributes like (journal) title, ISSN or part of the URL.

If the source can't be indexed, we will get back to you within a couple of days with more information.

Your message:

Name of source: Global Regional Review(GRR)  
URL of source: <http://www.grrjournal.com/>
